Immersive Ultra HD Screen with Smart Platform

Ultra HD premium large display 98LS95D, 84WS70MD/BD

Feature signage with UHD resolution. The overwhelming scale of the screen with its crisp image that is further enhanced with IPS technology will provide the best visibility for those viewing the screen for information and will make it one of the landmark features of any venue.

Key Features

Multiple Screen

MULTIPLE SCREEN WITH PBP OR PIP

PBP (Picture-By-Picture) and PIP (Picture-In-Picture) feature gives a chance to compose up to 4 divided split screen on landscape or portrait display format.

Ultra HD

ULTRA HD

ULTRA HD

Ultra HD screens deliver an immersive viewing experience and have high definition picture quality that is four times higher than FHD.

Immersive Ultra HD Screen with Smart Platform

Ultra HD premium large display 98LS95D, 84WS70MD/BD

- Interface : HDMI (3) / DVI / DP / RJ45 / IR / RS232C
USB 3.0 / USB 2.0 / External Speaker

*84WS70BD

Key Features

Full HD to Ultra HD Up-Scaling

Up-scaling and Super Resolution technology enhance the quality of FHD content to near-UHD quality.

Portrait & Landscape Mode

As it can be installed both vertically and horizontally, it gives much flexibility for those who need to install digital signage in limited space.

Immersive large screen & Even bezel

98" real size displays deliver seamless contents as an alternative to the 2x2 video wall at the flagship store. And slim & even bezel delivers stunning look on the wall, creating minimalist presentation.

*98LS95D Only

Ultra HD premium large display

Instead of integrating small signage screens together to create a larger size screen, now you can have one single large screen that is immersive and intuitively informative. Effective in large spaces including airports, conference rooms, and building lobbies, this optimized signage will grab attention and deliver information in more productive and impactful ways.
